The purpose of this inquiry is to explore and inquire about plants, things we get from them and how we can take care of plants. To make the learning more meaningful and fruitful, we suggest some activities for home.

Following are some activities that you could enjoy with your child at home:-

- 1) Encourage children to go for nature walk.
- 2) Help to observe shape of leaves, color and type of plants.
- 3) Help them to learn names of some common plants and parts of plants.
- 4) Plant a seed and see it grow with your ward.

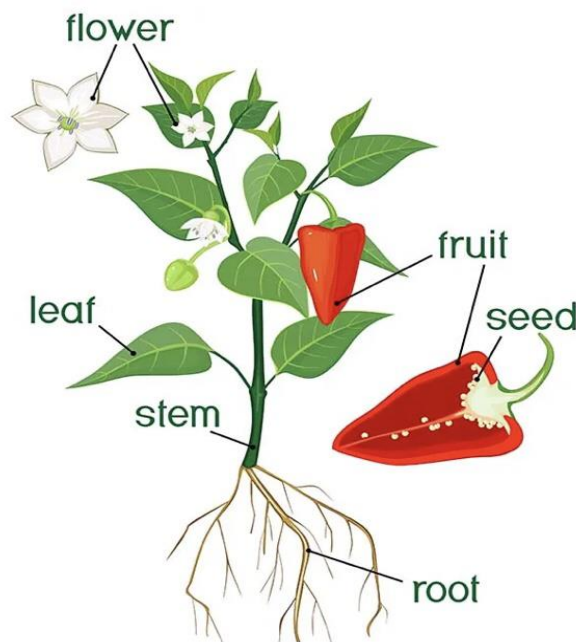

Thank You
