**READING PASSAGE: WHAT DOES AN ARTIST DO?**

Hi, I am Artist Andy and my job is to create art by drawing, painting, and sculpting. I use many tools like pencils, paper, paints, brushes, and clay to make my artwork. I think about colors, shapes, and lines as I work. Sometimes I make my art look like people I know or things I can see, like animals or flowers. Other times I come up with my own ideas and make new things that I came up with in my imagination.

I work in my art studio, where I keep all my tools. My studio has many windows, so I have lots of light while

I work on my art. Sometimes people ask me to make them things, like a painting to put up in their house. Sometimes I use my own ideas to make something and then sell it to someone who really likes it. Some of my work has even been put up in an art gallery, where people come to look at the beautiful things artists have made.

My job is important because I make beautiful artwork for people to enjoy. I like seeing how happy they are when they look at my drawings, paintings, or sculptures. I also like teaching others how to make their own artwork.
