

The Revival of Tradition

Introductory Letter 2020-21

Theme: Sharing the Planet

Grade 3

28th January 2021

Dear Parent,

We would like to inform you that we shall begin with our next Transdisciplinary theme “Sharing the Planet.” In this theme the learners will learn about the classification of animals, how animals are interconnected with nature and how human actions impact their lives.

Transdisciplinary Theme	Sharing the Planet
Central Idea	The characteristics of animals determine their survival and interdependence with other living things.
Key Concepts	Form – Learners will get acquainted with the concept form in which they will recognize the classification of animals on the basis of food, shelter and movement. Connection – Learners will explore how animals are interconnected amongst themselves and also with the nature. Responsibility – Learners will become responsible towards animal life and advocate the cause of animal well-being and protection.
Lines of Inquiry	<ul style="list-style-type: none">• Food, shelter and movement determines the classification of animals.• The ways in which animals are interconnected in nature.• The effect of human actions on animal life.
Approaches to Learning	Thinking – Learners will acquire thinking skills by gaining knowledge about different animals. Research – Learners will find out interconnectedness of animals in nature and ways to conserve animal life.
Learner Profile	Inquirer – Learners will inquire about food, shelter and movement of various animals. Caring – Learners will become caring towards animals in nature.

Following are some suggestions:

- Encourage your child to watch discovery kids channel on T.V.
- Encourage your child to gather information about different animals from books, magazines and other sources available.
- Encourage your child to observe impact of human activities on animal life.
- Encourage your child to read story books.
