**ENGLISH:**

**Practice Comprehension-1**

## Comprehension

**A. Read the following passage carefully and answer the questions that follow:**

I met Sachin after one week. He couldn't come to school because he was suffering from a viral fever. He met me at the school playground and asked me what had happened during his absence. I told him that on Monday the class went for a picnic at the Adventure Island and on Tuesday and Wednesday there were Maths tests. On Thursday we studied EVS and Hindi.

Sachin asked, "What happened on Friday, Veer?" I said, "On Friday the class celebrated Sonakshi's birthday". She had brought chocolates for everyone and some students gave her gifts like books, pencil box, painting colours, etc. Sachin thanked me for updating him and said, "Veer, will you help me with Maths lessons that I've missed?" I agreed to do so and we went inside the classroom.
